### DATA RECOVERY SPECIALISTS

- \* Desktop & Notebook Hard Drives
- \* USB External Hard Drives
- \* USB Memory Sticks
- \* Digital Camera / Mobile Phone Cards
- \* Media Centres Hard Drives

If your hard drive is no longer accessible, don't fret. Your data is most often still recoverable. We can recover the data from any hard drive that may have developed bad sectors or boot corruptions.

**WARNING:** The less you try to access an effected hard drive incorrectly, the better chance we have of recovering the data.
